SAMSUNG

HiiLIFE was founded in 2019 to create bespoke full-service packages for the construction and luxury sector alongside Samsung.

As an exclusive reseller for Samsung, HiiLIFE provides a one stop shop for all Samsung products inclusive of AV, White Goods, TV and Air Conditioning.

From concept design to installation HiiLIFE covers all our customers' requirements and provides a seamless service to allow streamlined and simple project delivery.

From noodles to oodles

Samsung Electronics was founded in 1969 and is now one of the leading tech companies in the world. Their technology facilitates and enhances lives, giving our customers the time and space to pursue their own goals and lead the life they want to live. From our smart phones, to our home appliances, to the technology we provide to hospitals in order to improve patient experience and speed of care, it's clear we are an innovation-focused company with a goal to make use of technological advances for the greater good.

Introducing Samsung Capital Finance

Samsung, believe that every business should have access to the technology they want, today.

To complement the range of innovative and reliable appliances, Samsung offer flexible finance packages to suit customers' needs. Offering in advance the ability to refresh our new market-leading products as your business needs change.

TV & AV

TV and AV should feel part of your home and your life. A place to gather, play, relax and savour the very best viewing experience.

From the quality of its picture, to the elegance of its design, our QLED TVs defy convention, pushing the boundaries of what is possible and what a TV can be.

It's time to stop watching TV and start experiencing QLED with the perfect partner of AV to match.

Display

At Samsung we don't just make cutting-edge display technology, we help businesses find and adapt bespoke solutions that enhance performance, design and entertainment in the age of digital transformation.

Cooling/Heating

In 1974 Samsung introduced its first air conditioner. Since then, Samsung have provided cutting-edge innovations in climate-based initiatives, as well as lasting digital connectivity solutions in the domestic, light commercial and commercial markets.

Home Appliances

Samsung's stunning home appliances have been designed to look great in your home and provide that bit of innovation to make your life easier. From advanced cooling technology that keeps your food fresher for longer to dishwasher cycles that leave your dishes spotless, we've thought of it all.

Cooking Appliances

Samsung appliances make cooking both very easy and very satisfying. Whether you're warming up leftovers, rustling up a ratatouille or having guests over for dinner, our thoughtful innovations and stylish design make cooking a pleasure.

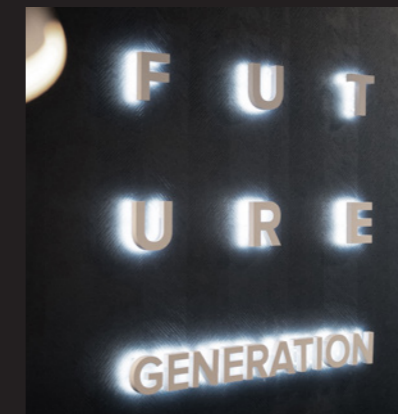

SmartThings

Make your smart appliances work for you with SmartThings, an easy to use app for a safer, more connected home. Connect, Automate and Manage all your Samsung and SmartThings-compatible appliances and electronics in one place, giving you control, in or away from the home.

FUTURE GENERATION

Future Generation is setting a new standard for student accommodation and as such utilised technology throughout their five properties to enhance the living experience. From cinema rooms and custom AV in sky lounge to high end appliances, air conditioning and TV's in all rooms. Future Generation provided and installed by HiiLIFE created a full technology solution powered by Samsung.

Our customers: Residential

JOHN TERRY: THE WALL

John Terry ex Chelsea and England Captain, incorporated 'The Wall' 146" 4K version into his new cinema room paired with Dolby Atmos surround sound and custom interior design.

The Wall is the latest innovation in multimedia technology from Samsung and can be built to your own specification and made to measure for any space whether it be in business or at home.

Our customers: Bespoke AV

SMALLBONE OF DEVIZES: THE ARX

The ARX redefines the gallery experience, with its whole-home luxury concept which brings together the worlds of art, design, craftsmanship and cutting-edge technology, within a 15,000sq ft space located in the heart of London's Knightsbridge on the iconic Brompton Road.

The Arx in partnership with Samsung and HiiLIFE installed the world's first 292" 8k wall, a full sound package, air conditioning and LED windows to enhance their new way of looking at the art world.
